Career Options Day Reviewed

It was a very successful event. There were @400 participants, 34 exhibitors, 8 of whom paid \$175.

Sign Language interpreter assisted 5 people. She worked with two then three at a time. She thought it went well.

Early start time okay. But we must start on time. The waiting crowd was impatient. Break down from exhibit hall auditorium went well.

Highlight of the day was our speaker Boyd Melson. He was inspiring.

See Attached review conducted by staff on May 2, 2013.
