The Magic of Recycling VIRTUAL experience!

Dive in with us as we laugh and learn with some amazing magic & fun.

Inspired by David Copperfield's impossibility, Mr. Roger's warm relatability, and Vaudeville's Creative interactive fun... Bill Kerwood brings his family friendly show into your living room.

Your kids will Laugh out loud as they:

- Witness amazing appearances and disappearances of everyday objects
- Experience impossible magic that will happens in your own home.
- Learn a trick that they can perform by themselves (that even amazes adults!)
- Discover the change that is possible when we envision a better tomorrow.

Here's what people are saying...

"We've never had this much fun learning about Recycling!"

"I'm doing what we learned today and forever!"

"Amazing show for the whole family!"

Hope you enjoy the show and learn how to Recycle Right!
