

Please join us for an online presentation and discussion in our **Lunch 'n Learn with the Doctors** series:

HEMATOLOGIC MALIGNANCIES: THE TREATMENT OF LYMPHOMA, LEUKEMIA, AND MULTIPLE MYELOMA

Friday, October 30, 2020
12:00pm to 1:00pm

In this multidisciplinary talk conducted virtually, Dr. Kazemi will conduct a comprehensive review of the diagnosis, treatment and management of lymphoma, leukemia, and multiple myeloma. Topics include:

Lymphoma and Leukemia:

- A new era of targeted treatments for lymphoma
- Using the immune system to fight blood cancers

Multiple Myeloma:

- What is multiple myeloma?
- How is multiple myeloma treated?
- New advances in treatment of multiple myeloma

To join us for this **Lunch 'n Learn with the Doctors** presentation, all you need is an Internet connection and a smartphone, tablet or computer. Go to toebpl.org/calendar to reserve your spot. Once you register, we'll send you the link and instructions for this presentation and discussion.

PRESENTED BY:

M. HOSSEIN KAZEMI, MD
Medical Oncologist and Hematologist
Regional Cancer Care Associates, Central Jersey
