Dear Law Enforcement Official:

It is my pleasure to present to you the Winter/Spring 2015 Middlesex County Police Training Center Course Catalog which is provided on behalf of the Middlesex County Prosecutor's Office, the Middlesex County Board of Chosen Freeholders, and the Middlesex County Association of Chiefs of Police. This catalog is the result of the dedication of the members of the MCPO and others to provide quality training and education to the honorable men and women of law enforcement.

The range of course offerings addresses the training needs of police personnel who are equipped with varying degrees of experience and skill. The catalog provides a wide variety of courses in such areas as tactical skills, investigative techniques, ethics, and interrogation and interview techniques.

With multiple classrooms outfitted with high-tech audio-visual equipment, a FATS machine (firearms training simulator), driving simulator, ample parking, and a central New Jersey location, the Middlesex County Police Training Center is the optimal location to provide quality classroom training to law enforcement. Furthermore, the Middlesex County Police Range is located nearby. In addition to providing valuable hand-on firearms training, the range has an on-site temperature-controlled trailer which can be used for classroom instruction throughout the year.

We are grateful to the Middlesex County Board of Chosen Freeholders for their continued financial support which allows us to offer state-of-the-art training opportunities taught by experienced and knowledgeable instructors. We encourage members of the law enforcement community to take advantage of these opportunities in order to best serve the community, and ensure and maintain the safety and security of all citizens of Middlesex County.

Very truly yours,

A handwritten signature in black ink that reads "Andrew C. Carey". The signature is fluid and cursive.

ANDREW C. CAREY
Middlesex County Prosecutor

MIDDLESEX COUNTY POLICE TRAINING CENTER

LAW ENFORCEMENT RESPONSE TO SUICIDE BOMBERS

This course addresses some of the major considerations a jurisdiction is required to answer when creating plans, procedures, and tactics to prevent and respond to suicide bombing incidents as well as incidents involving Large Vehicle Bombs (LVBs). Successful preparation and response for future suicide bombing threats in the U.S. will require emergency response agencies to complete extensive preparatory actions—developing plans, acquiring equipment, and conducting training and exercises that focus on likely attack scenarios. This course uses a blend of classroom presentations and performance exercises designed to help participants develop a greater understanding of the complex demands a suicide bombing and LVB threat present. Upon completion of this course, participants will understand the suicide bombing tactic, the participant's role in situational awareness, use of deadly force, and personal protection issues. This is a one day, 8 hour course taught by the New Jersey State Police Bomb Unit.

CONDUCTED ENERGY DEVICE (CED) END USER COURSE **TIER TWO AND TIER THREE**

In October of 2011, Attorney General Paula T. Dow authorized police departments in New Jersey to purchase and deploy Conducted Energy Devices (CEDs). Attorney General Dow developed the policy for CEDs and approved a training program for law enforcement officers throughout New Jersey. Representatives from state and county law enforcement agencies throughout the state have received training to train end users on how to effectively operate the TASER X2. The TASER X2 is the approved CED, which is manufactured by Taser International, Inc. and on the New Jersey Conducted Energy Device (CED) Certification Course which includes instruction on the Use of Force. **CLASS SIZE IS LIMITED TO 20 PARTICIPANTS. MIDDLESEX COUNTY ONLY!!! ONLY TWO PER DEPARTMENT**

TIER ONE

The first component of this training program is the online training component available to New Jersey law enforcement through NJLearn (maintained by the New Jersey Office of Homeland Security). A certificate will be issued upon successful completion of this component. Officers must successfully complete the NJLearn component regarding Conducted Energy Devices prior to participating in the tier two and tier three training. Officers must provide a copy of the certificate, from this NJLearn training, to the training center prior to attending tier two and tier three training.

TIER TWO

The tier two component involves obtaining certification from the manufacturer of the TASER X2, Taser International, Inc. This course of instruction is a minimum of six (6) hours of training which is a requirement for new TASER X2 end users. Students will be provided the theory and practical training necessary to reasonably, safely and effectively operate the TASER X2, Conducted Energy Device (CED).

TIER THREE

The tier three training is the New Jersey Conducted Energy Device (CED) Certification Course, which is required for all law enforcement officers who are authorized in writing by their respective agency heads to carry and use a CED in the performance of their official law enforcement duties. The tier three component is a one-day training of classroom instruction on the Attorney General's Policy on Use of Force and, in particular, the Attorney General's Revised Supplemental Policy on CEDs, and a practical block demonstrating proficiency in the use of the device.

Prerequisite: Completion of the NJLearn component on Conducted Energy Devices (CEDs) (Tier One)

CONDUCTED ENERGY DEVICE (CED) END USER COURSE TIER TWO AND TIER THREE

Prerequisite: Completion of the NJ Learn component on Conducted Energy Devices (CEDs) (Tier One)

Required Equipment: Eye Protection; Duty Belt; Agency's Conducted Energy Device (CED) and holster; Minimum of six (6) cartridges; Letter from Chief/Director authorizing officer to attend training; Certificate of successful completion of the NJ Learn component of Conducted Energy Devices (CED, Tier One)

TRAFFIC ACCIDENT RECONSTRUCTION

This course is designed to enable a well-trained police officer to qualify as an expert and give expert testimony in a court of law relative to the causation factors in motor vehicle traffic crashes. Officers completing this course will be able to give expert testimony in the following areas:

- Derivation and origin of commonly used speed formulas
- Speed of vehicles in a collision
- The effect of weight shift in braking
- Determination of direction of travel

The course includes extensive project work and controlled vehicle experiments. It is mandatory for officers to have completed the Vehicle Dynamics Course, or its equivalent.

INSPECTION AND INVESTIGATION OF COMMERCIAL VEHICLES

This intensive course will cover the unique characteristics of commercial motor vehicles and the special dynamics at play when one is involved in a collision. Detailed information of the nomenclature and operation of commercial motor vehicles will provide you with a level of competence needed to perform an adequate post-crash inspection of the vehicle. To reinforce the concepts presented, you will conduct "hands-on" exercise inspections and vehicle testing during the course.

Topics include:

- Vehicle inspections
- Jackknifing
- Wheels, rims and tires
- Rollover
- Hydroplaning
- Weight shifting
- Vehicle dynamics in braking
- Skid mark measurements and speed analysis
- Brake systems: configuration and operation
- Steering suspensions and frames
- Trailer coupling devices - fifth wheels
- Tachograph charts - log books
- Tractor-trailer nomenclature
- Center of mass determinations

Prerequisite: This course is designed for traffic crash investigators who have completed, at a minimum, IPTM's At-Scene Traffic Crash/Traffic Homicide Investigation course or its equivalent. You should have a good working knowledge of the techniques and applications of the formulas presented in the basic course, as the presentation of mathematical formulas will build upon techniques already used by investigators.

Audience: Law enforcement and private traffic crash investigators, claims adjusters, engineers, attorneys, safety officers, military investigative personnel, animators and graphic designers

LAW ENFORCEMENT TRAINER (L.E.T.) OPERATORS'*

The Training Center offers twenty-four hour training with the use of the Law Enforcement Trainer. In August 2013, the Middlesex County Chief's of Police Association purchased a new Law Enforcement Trainer. Those departments currently enrolled as members of the Middlesex County Law Enforcement Trainer (L.E.T.) are afforded the opportunity to certify operators on the new equipment as well as utilize the system for supplemental firearms training for problem/difficult shooters. Every department must participate in the training before the department can use the equipment.

*Formally referred to as F.A.T.S.

Please contact the Training Center for scheduling of training and usage dates.

DRIVING SIMULATOR OPERATORS'

The Training Center offers twenty-four hour training with the use of the Driving Simulator. Middlesex County agencies have the opportunity to train individuals to operate the Doron 550 LE Driving Simulator. Those departments currently enrolled as Driving Simulator users are given the opportunity to certify operators as well as utilize the system for supplemental training for problem drivers. Every department must participate in the training before the department can use the equipment. Completion of operators' training will allow participating agencies the opportunity to schedule and conduct their own driving simulator training at the Training Center.

Please contact the Training Center for scheduling of training and usage dates.

NJ LEARN LEARNING MANAGEMENT SYSTEM INFORMATION

NJ Learn is a complete Learning Management System, managed by the Office of Homeland Security and Preparedness, at no cost to State, County, and Local First Responder Agencies. It is available to sworn Law Enforcement officers, certified Emergency Medical Technicians, and Level one certified Firefighters. Its capabilities include web accessible Standardized Training of Online courses, Course Catalog Registration process, a Digital Resource Repository, Communications capability, and a Reporting Management System.

Permission based, users can request and take courses, tests, and surveys. The designation of supervisor in NJ Learn is generally given to agency training officers; specifically those who will manage user accounts in NJ Learn for others from the same jurisdiction. Supervisors can manage requests and approvals, course assignments, and training records of users assigned to them. Users are assigned to, and managed by one NJ Learn supervisor at a time. A supervisor cannot manage their own account.

Any user can be assigned the supervisor permissions. The training for those permissions is composed of an introduction to NJ Learn and its capabilities, demonstration of the supervisor functionality, and hands on training in those functions. Sessions run about four hours, and class size is generally limited to (16) and under.

If you have any additional or specific questions, feel free to contact: Sgt. Alan Bandics or Nicole Ducca 732-225-0750.

MANDATORY IN-SERVICE LAW ENFORCEMENT TRAINING THROUGH NJ LEARN

BLOODBORNE PATHOGENS

The following Bloodborne Pathogens Training meets the Federal Occupational Safety and Health Administration (OSHA) Standard, 29 CFR 1910.1030, which was adopted by the New Jersey State Public Employees Occupational Safety and Health (PEOSH) Program. Training must be provided at the time of the emergency responder's initial employment and at least annually thereafter.

The standard requires that emergency responders have access to a qualified trainer while taking on-line training to allow for interactive questions and answers, if needed. This requirement can be met via telephone contact or through email only if the trainer is available to answer emailed questions at the time the questions arise (e.g., live chat). It is the responsibility of each department's/agency's chief executive to provide their members with the name, contact information and work hours of the qualified trainer designated to assist with any questions.

The standard also requires that emergency responders are provided with an explanation of the department's/agency's written exposure control plan, as well as the means by which members can obtain a written copy. It is the responsibility of each department's/agency's chief executive to provide this information to its members. It is critical that each emergency responder knows what to do in the event of an exposure and to be able to articulate their department's/agency's exposure control plan.

If the emergency responder has questions relating to any training or modifications made to existing procedures, they should consult with their designated qualified trainer, supervisor, and/or appropriate legal advisor.

DOMESTIC VIOLENCE

The purpose of this program is to provide law enforcement officers with a general overview of laws and policies in the State of New Jersey. Taking this course satisfies the four-hour requirement annual domestic violence training requirements set forth in N.J.S.A. 2C:25-20. However, County Prosecutors may require police officers to participate in additional domestic violence training.

HAZARDOUS MATERIALS

This 2015 Hazardous Materials Awareness Refresher on-line training course is provided to fulfill the OSHA annual refresher mandate for first responder hazardous materials awareness.

About our Program

The Middlesex County Crime Stoppers Program began in 2011 as a result of the efforts of the Middlesex County Prosecutors Office, Reited New Brunswick Police Director Anthony Caputo (Chairman) and the Middlesex County Chiefs of Police Association. Our Program now operates as an independent organization. The concept has developed into a combination of efforts by local media, businesses, civic and social clubs, law enforcement agencies, and the public. Donations of airtime, newspaper space, and reward monies have established Crime Stoppers as an effective tool to fight crime in the area.

Mission Statement

Crime Stoppers is comprised of diverse, active and dedicated community representatives. Crime Stoppers provides a method for local law enforcement to receive information on crimes. These efforts increase tips, which in turn increase arrests in our community.
