

Accessing Healthy Foods – Quick Start Guide

1. **Services Near Me** – Search for food services and transportation near your address. Use the search bar to type an address and results for those services will appear. You also use the tools to search for services in the map.
2. **Filters** – Provides the ability to display relevant/desired information when selected.
3. **Services List** – This will show a list of all the food services in Middlesex County, which include Grocery Retailers and Bodegas, Food Pantries, Farmers Markets, and Senior Meal Sites, as well as Transportation such as Bus Stops and Train Stations.
4. **Layers** – Provides the ability to turn Symbols on and off, allowing the user to only display relevant/desired information.
5. **Directions** - Allows users to calculate turn-specific directions between two or more locations.
6. **Information** - Provides links for additional resources and contains step-by-step instructions for this application.
